### Pupil Premium 2013 /2014 - Reporting to parents/Carers

The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most.

Schools are free to spend the Pupil Premium as they see fit. However they will be held accountable for how they have used the additional funding to support pupils from low-income families.

#### Principles

- \* We ensure that teaching and learning opportunities meet the needs of all of the pupils
- \* We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.
- \* In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged.
- \* We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.
- \* We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- \* Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

In the majority of areas (Reading, Writing and Maths) across school, Pupil Premium children achieve inline or better than their peers. The targeted provision has supported us in narrowing the attainment gap between Pupil Premium children and their peers.

Due to the targeted provision using the Pupil Premium funding, children have made at least better than expected progress in:

Reading - Years 1, 2, 3 and 4.

Writing - Years 1, 3 and 4.

Maths - Years 1, 2, 3 and 4.

Speech and language - Due to targeted provision (Language Link & Speech and Language programmes), the majority of identified children made better than expected or accelerated progress.
