

*“Geography explains the past, illuminates the present and prepares us for the future.*

*What could be more important than that?”*

*What is Geography at Oak Hill?*

*Geography is the study of real places at different scales and of how the people living there are influenced by and affect the environment of those places. Geography explores the relationship between earth and its people. Geography studies the location of the physical and human features of the earth and the processes, systems and interrelations that create and influence them.*

*Broad Aims of Geography at Oak Hill*

- To stimulate pupil's interest in the world around them and to foster a sense of wonder at the world around them*
- To help pupils develop an informed concern for the quality of the environment*
- To enhance pupil's sense of responsibility for the earth and its people*
- To develop a range of skills to interpret geographical information and to carry out geographical enquiry*
