## Home Security!!!

- Use automatic timer-switches to turn on a light and perhaps a radio when it goes dark, even if you are just out for a couple of hours.
  - If you're away for longer periods of time, cancel any newspaper or milk deliveries.
  - Visibly and permanently marking your belongings helps you and the police identify them if they are stolen. It can also make it difficult for the thief to dispose of the property.
  - Fit padlocks and hardware to shed and garage doors.
  - Ask a neighbour or relative for help could they clear the post away from the door mat and open and close the curtains.
  - Prevent easy access to the back and sides of your home by installing locked gates, 2 metre minimum fencing or walls. Trellis topping also makes climbing difficult.
  - Security lighting can be used to make offenders feel vulnerable and observed. It is suggested that you use dusk to dawn lighting.
  - Visible burglar alarms are a deterrent there are many to choose from
- Window locks especially on older windows will help stop people getting in.
  - Securely lock all doors and windows before leaving the house. It's easy to forget when you're in hurry, but it's the simplest way for a burglar to enter your home.
  - Never leave keys anywhere near the front door, including your letterbox; burglars know where to look.

**Don't make your children scared of the police**

Please don't tell your children that the police will 'lock them up' or 'catch you if you are naughty'. We want children to come to us if they are scared, lost or in danger, not run away from us.

Let your children know we are the good guys and will protect them.

**The police will keep you safe**

If you are in trouble, lost or scared, the police can help. We're here to catch the baddies and to protect you. Please don't be scared of us. If you see us in the street give us a wave.
