

## Summer Holiday Homework – Year 3

Over the summer holidays, we are sure you will have a wonderful time relaxing, spending time with your family, enjoying the outdoors and hopefully getting away on holiday!

Don't forget to keep reading over the summer holiday – you could take part in the Redditch Library Summer Reading Challenge (see the school website for more details) or just continue to read your own books as often as possible. Also remember to keep practicing number and times tables facts as these will be really useful when you return in September.

Your new class teachers would also love to hear about what you have been getting up to over the 6 week break, so we ask that you to keep a diary/journal where you write down the things you have been doing. Remember to use the English target from your end of year report to help you – so you might focus on your handwriting, spelling or the grammar skills you have been learning.

Bring your diaries in when we return to school in September so you can share it with your class teacher and friends in your class.

Below, there is also information about your new MOE topic that you will be starting in September, along with a 'Brilliant Beginning' you will hopefully be able to try!

### BRILLIANT BEGINNING:

We would like you to find out all about dragons!
