

Dear Parents and Carers,

Our school library is running a competition this summer asking children, parents and staff to show us the most unusual places they read.

We would like you to take a photo of the children and yourselves reading in the most unique and interesting places. The more exciting the better!

There will be a prize for the most inventive place to read a book and we plan to use some of the best entries to decorate our library.

You can email your entries to office@oakhill.worcs.sch.uk or print them off and hand them in to the school library. The closing date is Friday 8th September.

Happy reading!

Holly Kilminster
School Librarian
